The History of "Spirit of Sacramento" and "Matthew McKinley"

The original "Spirit of Sacramento" was a 56 year old, wooden paddlewheeler operating on the rivers of California since 1942. Unfortunately, she was lost to fire in 1996 and the efforts to replace her began. A suitable replacement paddlewheeler named "Becky Thatcher" was found in Cincinnati, Ohio. She was purchased and rechristened "Spirit of Sacramento".

This began a truly remarkable journey down the Mississippi and out to sea to arrive in Sacramento, California under her own power. Our route was through the Gulf of Mexico, around Cuba and the Bay of Nicaragua, to the Panama Canal. The "Spirit" locked through the Canal on April 8, 1997 and crossed over to the Pacific Ocean. Heavy weather and pounding seas kept us near-coastal (5-20 miles off shore) for safety, as the Captain said, "We'll keep one foot on the beach lads". Migrating whales and sport fish escorted us up the West Coast and we entered the Golden Gate, shrouded by fog on May 15, 1997.

Upon arrival in Sacramento, the "Spirit" accomplished a historic journey. She traveled 8,500 miles by sea with a crew of five, burned 38,000 gallons of fuel, used 13,500 gallons of water and consumed 1,824 pounds of food underway. Unfortunately, not a drop of liquor was allowed onboard.

As a comparison, our journey was analogous to driving your car from San Francisco to New York and back to San Francisco at 7 miles per hour!

The "Matthew McKinley" was built in 1984 in Stockton, California. She is a replica of the paddlewheeler "Isleton" that operated between Sacramento, Stockton and San Francisco in the late 1800's. She was named "Matthew McKinley", after the saloon hound half-brother of President McKinley, who allegedly was shot in a bordello in Stockton at the turn of the century. The "Matthew McKinley" boasts Victorian elegance and all the modern comforts perfect for weddings, parties, and corporate functions. She cruises year-round for both public and private cruises and has been enjoyed by many visitors to Old Sacramento since her arrival in 1987.

Graduation (Friends Forever)

By Vitamin C

*And so we talked all night about the rest of our lives,
Where we're gonna be when we turn 25
I keep thinking times will never change,
Keep on thinking things will always be the same
But when we leave this year we won't be coming back
No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now cause you don't have another day
Cause we're moving on and we can't slow down
These memories are playing like a film without sound
And I keep thinking of that night in June, I didn't know much of love
But it came too soon, And there was me and you
And then we got real blue, Stay at home talking on the telephone with me
We'd get so excited, and we'd get so scared
Laughing at our selves thinking life's not fair
And this is how it feels*

*As we go on, We remember, All the times we, Had together
And as our lives change, Come whatever, We will still be, Friends Forever*

*So if we get the big jobs, And we make the big money
When we look back now, Will our jokes still be funny?
Will we still remember everything we learned in school?
Still be trying to break every single rule
Will little brainy Bobby be the stockbroker man?
Can heather find a job that won't interfere with her tan?
I keep, I keep thinking that it's not goodbye
Keep on thinking it's a time to fly, And this is how it feels*

*Will we think about tomorrow like we think about now?
Can we survive it out there? Can we make it somehow?(somehow)
I guess I thought that this would never end, And suddenly it's like we're women
and men
Will the past be a shadow that will follow us 'round?
Will these memories fade when I leave this town?
I keep, I keep thinking that it's not goodbye, Keep on thinking it's a time to fly*

*Hoopa Valley High
