# 2007, Another Great Year

We are so grateful to be able to enjoy the special people in our lives.

Thank you for being one of them!

Here are some highlights from this past year.

To Start with, there were no forest fires raging around us this year. We always like that.

Marcy is doing really well. She is a big Ron Paul supporter. Between her and Joel, they keep the online forums lit up. She still works hard in her gardens, keeping the flat looking beautiful.

Speaking of Gardens....We had lots of success this year. Our great compost experiment took on an obsessive quality. We are officially compost geeks! The vegetable gardens were bigger and better than ever. We had more apples than we could possibly deal with, although we gave it a good try.

We had our 2nd annual "Summer Fun at the River House" with the grand-daughters. This year we had a very cool treasure hunt with the dads. Besides lots of crafty fun, we all swam and played in the river every day. This week-long event is a very big deal around here. We're already planning and looking forward to next year!

## Heather and Noah

Karen's lovely 'daughter' and her boyfriend, Noah spent Labor Day with us. It was Noah's first time here, after hearing all

the legends of yore. We smoked ribs in Gaines' new homemade smoker, spent a day on the river and listened to Noah sing and play guitar. Marcy just loved that. In Nov. We threw a surprise party for Heather's birthday. That was a great success. Made her cry, we did.

## Karen's Mom (78) and Aunt (80) Mavis and Maxine

These two amazing ladies made it down the trail for a visit this July, along with my brother, Bruce and nephew Matt. It was a very special time. How great it is, to have such healthy, vibrant women to lead the way. I'm feeling pretty darn good about my genes these days!

## The Continuing Adventures of the California Wilderness Sisters

My dear friend, Marisue and I had a great time on our yearly outing in the wilds. This year we hiked in the Cottonwood Lakes area, in the shadow of Mount Whitney. Gaines and Jeremy did their hiking in the Trinity Alps looking for the elusive deer.

## Dewey, Sophie & Haily Paul

In August we had all 3 of the Fabulous Paul Girls of Rocklin, CA spend a fun filled week with us. We just love those girls!

## Another Big Event

Jeremy's wife, Michelle graduated from Humboldt State with her degree in nursing. She immediately got a job at a local hospital. We are so proud of her!

Let's see, what else..... Kelly and Joel both retired from the Ntl.Gaurd this year. The jewelry business is keeping us very busy, especially this time of year. Karen is getting her photography business going. Tanner, the dog is lovin' life here in the mountains, as are we.

Merry

Christmas! Gaines

How  
(over)

Bob & Janet,

Sorry we've been out of touch this last year.

Will you send me your email address again, I somehow lost it.

Give my best to the family.

Love, 

Answered

March 26 2008

"Don't be alarmed," he said. "I know you are looking for Jesus of Nazareth, who was crucified. He is not here—he has been raised! Look, here is the place where he was placed. (Mark 16:6)

*May you rejoice and be happy as we celebrate Easter.*

**Dear Bob and Janet,**

We might have sent you the 2008 calendar before last Christmas, but now we are mailing it just after Easter! Pardon us for such a long delay.

Last Christmas time we were occupied with building "Peace Bell Tower" in the center of our town.

The Bell, supposed to come from U.S. early in 1880 with two locomotive engines which pulled the first trains in Hokkaido, was used for a signal bell at the station.

The bell happened to come to our town in 1941 (wartime) as an air raid warning bell in the hospital of railway workers suffering from TB.

*Usu* area in our town, where fresh air and sunshine are rich all through the year, was appointed as the best place for establishing sanatoriums.

No one knows where the bell had traveled around before it set at *Usu* sanatorium.

The bell might have been used at a certain station near Sapporo or Otaru for telling the arriving and leaving of trains.

In the Minami-Otaru station hall (next to Otaru) the same kind of bell is hung as a memory of "good-old-days" railway station now.

On July 14 and 15 1945, near the end of war, lots of towns in Hokkaido suffered air raids by the carrier-bomb fighters.

In our town the railway station, one of the running trains and the red-cross hospital were shot. (21 died)

In the *Usu* sanatorium, early warning by the bell led the patients safely to the shelter. No victims!

After the war in 1961 at the closing of sanatorium the bell was given to the Catholic church in Abuta (neighboring town).

On the church tower the bell was ringing three times every day.

But the old church building of Abuta was removed in 1972.  
The bell was moved to *Date* catholic church and warehoused there.

In 1987 the church presented the historic bell to our town museum.  
In 2005 members of "*Date* Local History Club" (Ichiro is one of them)  
made a proposal for building "Peace Bell Tower" where the historic bell  
tells her story-----born in US, a pioneer of railways, an eyewitness of  
air raid, peace-making work in Christ, warning against war-----

Our mayor accepted the proposal and permission to build the tower  
in a plaza was given. After that we were busy raising subscriptions.

Now a small bell tower stands in a small plaza in town. It may be so  
small but it tells a large and long story.

Thank you very much for your book "America in PERIL". Reading  
the first chapter about the "neocons", I have learned that government of  
our KOIZUMI and ABE Cabinet was quite similar to that of your neo-  
conservatives.

In the Upper House election we had last summer, they lost the majority.  
But in the Lower House they are still predominant. Now FUKUDA  
Cabinet is at a loss how to pass their bills through the Upper House.  
How about your President Election?

Photos taken in front of the bell and at our church with S. Watanabe's  
Bible calendar 2008 are enclosed.

May your days be merry and fruitful,

Emi and Ichiro Nunokawa

布川 一郎  
惠美
